CampusGuard's FERPA Training Course is designed to help your organization and staff safeguard sensitive personal information and prevent potential data breaches.

Modules include:

- **Family Educational Rights and Privacy Act:** This module provides an overview of the Family Educational Rights and Privacy Act (FERPA) and the laws governing the acceptable use and release of student education records. The course reviews individual staff and faculty responsibilities, guides how to protect students' right to privacy, and explains the potential consequences of non-compliance.
- **Common Scenarios:** This module discusses several different scenarios in which a faculty or staff member may be requested to share student information. Users must review the situations carefully and select the appropriate answer. Training provides a comprehensive explanation to help guide users in their FERPA awareness.

**Target Audience:** All faculty/staff with access to student records

**Course Length:** 25 minutes
