

ONLINE TRAINING

GLBA

CampusGuard's GLBA Awareness Training Course aims to assist your organization and staff in protecting sensitive personal information and preventing data breaches.

This training offers an overview of the GLBA Privacy Rule along with the new requirements from the revised FTC Safeguards Rule.

Modules include:

- **Introduction to GLBA:** This module provides an overview of GLBA and its application within higher education, discusses increasing information security risks, and strategies for protecting sensitive data, penalties for non-compliance, and the possible consequences of a data breach.
- **Privacy and Safeguards Rule:** This module covers both the GLBA Privacy Rule and the Safeguards Rule, the required administrative, technical, and physical controls that must be implemented, necessary third-party oversight, and steps to achieve compliance.

Target Audience: All staff interacting with covered customer financial data

Course Length: 25 minutes
