

ONLINE TRAINING PCI Compliance Bundle

CampusGuard's **PCI Compliance Bundle** enables your teams to assign role-based training to merchant and organizational staff based on their daily responsibilities and involvement in the payment card environment.

PCI for Merchants

This training provides a comprehensive overview of the Payment Card Industry Data Security Standard (PCI DSS) requirements, including best practices on how to protect cardholder data, securely process payment card transactions on campus, and meet the ongoing compliance requirements from the DSS. Modules include:

- Introduction to PCI DSS
- Payment Card Security
- Identifying Risks
- Compliance with PCI DSS

Target Audience: Merchant/Department Staff and Managers

Course Length: Approximately 50-55 minutes (each module is 10-15 minutes)

PCI for IT

This course provides a closer look at the PCI DSS and the requirements your organization needs to meet before attesting annual compliance. This training is geared towards IT staff and management, who, while not typically participating in the payment process, are responsible for implementing and maintaining the required technical infrastructure campus-wide. Modules include:

- PCI DSS Compliance
- Securing the CDE
- Objectives and Requirements

Target Audience: System Admins and IT Staff responsible for securing systems within the CDE

Course Length: 60 minutes

PCI for Students/Cashiers

Training to meet the requirements of the Payment Card Industry Data Security Standard (PCI DSS) requirements and educate front-line staff on how to securely handle cardholder data and process payment card transactions on campus.

Target Audience: Students and Cashiers only processing card payments one at a time

Course Length: 15 minutes

PCI for Executives

This training includes a high-level overview of the PCI DSS requirements, including requirements for handling and protecting cardholder data, common risks and threats to the cardholder data environment, and consequences for non-compliance.

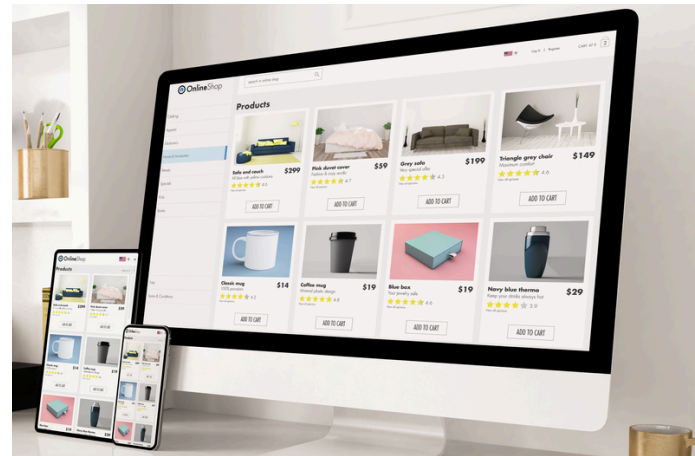

Target Audience: C-Level Executives
Course Length: 15 minutes

PCI for E-Commerce

This training is designed for merchants who are not involved in the day-to-day processing of cards, but have an online store or e-commerce site their department manages or supports. The module reviews best practices for securing online storefronts and monitoring third-party relationships.

Target Audience: Merchant/Department Staff and Managers, responsible for managing and maintaining ecommerce/online stores only.
Course Length: 25 minutes
