

Governance, Risk & Compliance

Manage Frameworks, Risk, and Reporting in One Place

Managing compliance across multiple frameworks shouldn't be complicated. CampusGuard's Governance, Risk, and Compliance (GRC) platform, powered by Apptega, centralizes oversight of NIST, ISO 27001, HIPAA, GDPR, and more, so your organization can assess risk, track compliance, and act with confidence. All in one place.

Make Compliance Measurable, Manageable, and Repeatable

Our continuous compliance platform simplifies every stage of compliance and security posture management, from gap assessments and remediation to ongoing risk management and audit readiness.

Why Choose CampusGuard for your GRC Solution?

Track Compliance with Ease

Automatically and continuously track all of your compliance regulations in one place.

Spot Security Gaps Fast

Quickly identify security gaps, giving you the roadmap to remediation.

Stay Ahead of Cyber Threats

Get ahead of cybersecurity threats with out-of-the-box risk, vendor, and audit management.

Collaboration Without Compromise

Collaborate with your security providers with minimal effort and business disruption.

A GRC platform centralizes controls, tracks risk, and provides continuous visibility into compliance posture. With our GRC solution, companies automate evidence collection and stay audit-ready instead of reacting at the last minute.
